4. The closest reasonable Prior Art reference is US 5,457,983 to Sauvageau et al. which discloses an apparatus and method for producing a reference gas, however, fails to disclose the particular temperature range above, along with many of the recited elements and/or method steps within the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
